Within the hallowed halls of the Academy of Science, there exists an ancient fruit that has long ago been lost to time: the Ever-grows Apple. Its power has provided untold disaster to the mortals of Enrichalucia and the great Elden Ring. After all hope was lost, a holy relic known as the Mask of Ederal saved one family. The Mask of Ederal is an amulet artifact that takes its power from the world's fruit of life. Choose one of three different people who appear to have a connection to the Mask of Ederal and lead their family through the ins and outs of the academy. • Faces Three people appear at the beginning of Chapter 1: A budding girl scientist, Emon, an "impressionable" younger sister, and a wise old Grandfather. A few moments after you are played, one family member will be playable. • Draft Friend: Everyone Can Play Selecting the Draft Friend will cause everyone in your life to appear in the game. Your Draft Friend will be able to comment on your actions and be an optional NPC to interact with. Pick the Draft Friend who best expresses how you play! • Chapter for Everyone As you travel through the city of Enrichalucia, defeating its countless enemies, use the journal equipment to learn snippets of the story from each chapter. The found journal data will provide information about the person who appears as your Draft Friend in each chapter. • Variety of Missions At any time during the game, you can use items to start an adventuring adventure. An adventure will last a certain amount of time and there will always be an opportunity to catch up later with the current mission. Those who are good in adventure will find new things. The Mask of Ederal is a mysterious magic! To be able to manifest the power of the Mask of Ederal, you'll need to bond with the power of the "three aspects" of the Ever-grows Apple. The three aspects of the Fruit of Life are the Fruit, the Fruit Seed, and Fruit Offering.
